

## Year 7 Literacy and Numeracy Catch Up Premium Funding Statement 2020 – 21

### Funding Allocation

The Year 7 Catch Up Premium helps schools to provide additional support in literacy and numeracy to Year 7 pupils who did not achieve the expected standard in reading and/or maths at the end of Key Stage 2. The funding for 2020-21 will be based on the funding received in 2019-20 and will be adjusted to reflect the percentage change in the size of the school's Year 7 cohort, based on the October 2020 census. The Education and Skills Funding Agency (ESFA) pays catch-up funding directly to academies on 1st March 2021.

The below indication of funding is an estimate based on attainment data and percentage change in Year 7 cohort.

2019 – 2020 Allocation £	Estimated Percentage change in pupil numbers as at October 2020	Estimated 2020 – 2021 Allocation £
1,876	-11.1%	1,668

### Planned Expenditure

To supplement group and individual interventions with required resources such as Nessy and Wordshark.

### Intended Impact

All Y7 pupils to make at least expected progress in numeracy and literacy and further develop these skills in foundation curriculum subjects. The school uses accelerated reader, Clicker 7 and Read Write Inc. to impact directly on student literacy development and Accelerated Maths and My Maths for supporting Numeracy.

The impact of how we use Year 7 catch-up funding is monitored and evaluated as part of our school assessment processes. Progress is closely monitored with baseline assessments in September followed by termly assessment check points throughout the year. Support and intervention is adapted following assessments, if appropriate, in order to meet individual pupil's needs and promote exceeding progress, closing the gap on age expectations.
