Wonka's Whipple-Scrumptious Fudgemallow Delight Chocolate Bar

WHIPPLE-SCRUMPTIOUS
FUDGE MALLOW DELIGHT BARS

Silicone candy mould honeycomb candy Marshmallow fluff Dark chocolate

Ingredients

- 20 oz dark chocolate melting wafers
- 5 oz marshmallow fluff
- 1.5 oz honeycomb candy (You can order it online, but making your own is really easy. I've made several versions before, but I used the recipe from the Pioneer Woman this time.)
- You will also need a silicone candy mould.

Instructions

- Melt 10 oz chocolate wafers according to package instructions.
- Ladle 2 large spoonful's of chocolate into the first 3 cavities of your mould and use the spoon to spread the chocolate evenly over the sides and bottom of the cavity. Repeat with the last 3 cavities.
- Chill for 10 minutes. Use extra chocolate to patch any spots where you can see the mould through the chocolate.
- Scoop half of your marshmallow fluff into a microwave safe bowl and microwave for approximately 10 seconds. You want it to be less sticky/stiff and just slightly warm (this will make the fluff easier to spread). Divide the fluff evenly between 3 mould cavities, gently spreading to reach the corners.

Instructions

Fridge

- Repeat Step 4 with your remaining fluff.
- Break the honeycomb candy into pieces approximately 2 cm in size and divide them evenly between all the cavities. Chill for another 10 minutes.

- Melt your remaining 10 oz of chocolate according to package instructions and spoon just enough into each cavity to fill it level with the top. Chill for 20 minutes.
- Gently peel the candy bars out of the mould. If necessary, trim excess chocolate from the bottom edges with a sharp knife.

Charlie entered the store and laid the damp dollar bill on the counter.

"One Wonka's Whipple-Scrumptious Fudge mallow Delight," he said, remembering how much he had loved the one he had on his birthday.
