## EQUALITY STATEMENT

We will regularly review our policies to ensure that we are

- promoting equality of opportunity
- eliminating discrimination and harassment
- valuing diversity and promoting positive relationships
- providing an inclusive education which enables all pupils to develop their full potential
- meeting the requirements of the Equality Act 2010 and the protected characteristics therein.

## QUALITY OF LIFE FRAMEWORK

All NAS schools and Children's services follow our Quality of life (QoL) Framework. In implementing this framework, we listen to pupils, parents and the child's keyworker to understand what is important to them in relation to their quality of life. We then work as a transdisciplinary team to ensure we plan each child's education carefully and cohesively, shaping each pupil's provision around their EHCP and agreed developmental goals in order to develop pupils' knowledge and skills now and for the future.

## 1. Purpose of this document

To outline the NAS Education Directorate's policy for NAS and NASAT schools' approach to visitors in our schools. The intention is to ensure that visits to schools are regulated, accompanied and vetted as appropriate to ensure the safety of all pupils and staff.

## 2. Scope

This policy applies to all schools and all visitors to our schools.

## 3. Approach

Parents/carers are not regarded as visitors but as partners in the child's education. Visitors are welcomed and their contribution recognised to the role of the school. To ensure minimal disruption to pupils, visits are limited to specific individuals or groups, and these may need to be prioritised. These individuals or groups include parents of children with autism, medical professionals, professionals associated with individual pupils, professionals from other NAS/LA establishments, fundraisers, voluntary workers, students on college placements, research workers or as deemed appropriate at the Principal's discretion.

Please refer to [Security in Adult Services & Schools policy](#) for list of visitors who are entitled to enter NAS premises.

## 4. Objectives

NAS schools seek to promote community links and professional partnerships whilst maintaining best interests and minimal disruption to pupils.

## 5. Operational delivery
